Little Learners
Early Education

Victorian Approved and Funded 3 and 4 year old Kindergarten

Our Curriculum is delivered by fully qualified teachers.

Your child will be:

- **School Ready**
- **Emotionally Resilient**
- **A Confident and Engaged Learner**

Long day kindergarten makes children socially, emotionally, physically and developmentally ready for school.

Little Learners have been fantastic in supporting our transition process from Kinder to Prep. Their School Readiness Program has certainly helped children prepare for school... we look forward to working with Little Learners for many years to come.

GRACE LUCIE - Deputy Principal,
St Francis of Assisi Primary School

Children learn when they are actively engaged in investigation and exploration - our programs, resources and activities are second to none.

I commend you for taking such a caring interest in the Little Learners kinder children as they transition to school. (Your transition statements) are professionally written and provide our Prep staff with valuable information about each child.

LEANNE WESTON - Prep Transition Coordinator,
Plenty Parklands Primary School

Extra Curricular Activities at No Extra Cost
